Natural Home
Collection

- Moulded bamboo
- Recycled stainless steel
- Ethically sourced
- Natural alternative to plastic
- Non toxic & melamine free
- Durable & dishwasher safe
- Exceptional quality & value
- 5 year guarantee

Moulded bamboo is a durable, non toxic and dishwasher safe alternative to plastic, produced using bamboo sawdust, rice starch and a natural plant based binder. This material doesn't contain any of the harmful chemicals found in some plastics, yet is just as strong and versatile. What's more, the stainless steel used in our tools contains a minimum of 93% recycled content.

A comprehensive range of 20 kitchen utensils and tools. A great combination of style, sustainability and value.

taylor's
eye
witness

since 1838

Taylor's Eye Witness was founded by John Taylor in the early part of the 19th Century. They have stood the test of time through an unrelenting dedication to quality, service and good old fashioned technical know-how in the design and production of kitchen knives and scissors. What they don't know about knives isn't worth knowing!
